

METRIC FIELD

2mm - 10 mm Accents

The image shows a technical drawing template within a rounded rectangular border. On the left, under the heading "METRIC FIELD", there is a grid consisting of 5 columns and 15 rows of large squares. On the right, under the heading "2mm - 10 mm Accents", there is a much finer grid consisting of 20 columns and 15 rows of small squares, which are 2mm by 2mm in size. The two grid areas are separated by a vertical line, and the top of the entire template is divided into two sections by a horizontal line.
